• **LEARN MATH STRATEGIES**

• **EARN RIBBONS, MEDALS & TROPHIES!**

New Payment Option!

Pay via the SSA MySchoolBucks account at:

www.spoedeschoolassociation.com

MATH FACT SCHOLARS is a weekly math testing program that motivates Kindergarten – 4th students to improve their math skills as they advance through program skill levels, mastering basic addition, subtraction, multiplication, & division facts, multi-digit computation, and working with fractions, decimals and percentages. Students earn ribbons, medals and trophies along the way! This is not a math tutoring program. Students advance in the program at their own pace, based upon their commitment to preparing for the weekly testing sessions and completing the testing requirements for each skill level. Students receive program workbooks for daily at home math practice. *Practice workbooks must be completed prior to advancing to the next skill level in the program.*

Skill Level Registration Fee Payment Options:

Blue Ribbon Level \$25 or \$100 for Blue Ribbon & 3 Medal Levels

Medal Levels = \$25 each or \$75 for all 3 medal levels

Trophy Levels = \$35 each or \$140 for all 4 trophy levels

Weekly MATH FACT SCHOLARS testing sessions take place at Spoele Elementary School every **Tuesday** from **8:15–8:45 a.m.** from **September 5, 2017 through May 15, 2018**. Start anytime during the school year! Students are not required to attend every weekly testing session. **Testing location: Gymnasium** Spoele Elementary School parent volunteers implement this program weekly! Volunteers are needed to grade math tests, file graded tests, make test copies, etc. See volunteer sign up below.

MATH FACT SCHOLARS Registration Form - Kindergarten–4th Grade

Student Name: _____ Grade: _____ Teacher: _____

Telephone Number: _____ Email: _____

Home Address: _____
